UNITED STATES DISTRICT COURT
 CENTRAL DISTRICT OF CALIFORNIA

RUIZ

NO. CV-06-3481-RSWL(CW)

PETITIONER'S EX PARTE

VS

REBUTTAL TO USMJ'S
 MINUTE ORDER, APRIL 6,
 2009.

Tilton

The magistrate denied Ruiz's renewed motion for release (DOC 40), based upon not setting forth any persuasive reason for the court to reconsider its prior order. Petitioner has not received the court's prior order.

Petitioner is in actual custody of the CDC on a parole revocation term which is being served in local detention facility, unless and until he is transferred to state prison.

As to there being "...nothing Petitioner needs to do in this action, and at this time which would require law library access," Petitioner has an objectionably reasonable belief that there may be something to do in this action in the future. It is for that reason he sought verification of the ~~federal~~ petition pending federal habeas action for 6A05211, LASC. This is in anticipation of further action and the need to obtain legal papers related to this action.
